

Hi Nat!

I really loved our conversation last night. I just wish I was much closer to you - like lying beside you and holding you while we talked - all in good time! As much as I would have liked to see you in your sleep attire last night - my imagination is very good! And frankly I'd much rather be there to see you in person and maybe even to help you off with what you were wearing! As I say this it bring me to life down below - you have great and wonderful powers!

I want you to know my intentions with respect to you and Chris - Nat. I would never fool around with you - and play with yours and Chris' emotions. My sister warned me to be careful with you for fear that I Amy break hearts. You know I know God - Nat. You don't know everything about me as yet - but I hope you see how sincere I am. I want to be there for you and Chris - for the very long time - for eternity. I want you both to find the love in me that you have been searching for - and are deserving of.

I wrote a journal post this morning I want to share with you: [Penzu Post](#). I hope everything went well at the doctor's and that you got Chris to daycare okay and look forward to seeing you at The Depot soon...

All my love,
