

Dearest Nat,

Today I was sad - and mad.

Sad because I have caused terrible pain to two people I love tremendously. Sad because this will mean that due to your desire to stay away from me that you are ending all communications with me.

Mad because I don't understand how and why Noel and Norah have done this to me. In their Infinite Wisdom - they knew that this would be the outcome. Why would they let this happen. We are three very good people who love God. We do not need this heartache.

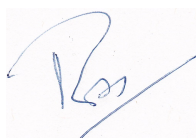

Knowing how very good God is, my only answer is that They (Noel and Norah - and me - for I do play an active role in this) have something which is eternally good for us all in the offing.

Thinking about what could be great for you - I researched Jason Momoa and found out that he is recently divorced from Lisa Bonet and that he is currently seeing a Puerto Rican actress. I found his email address and sent him a message about you and Chris - telling him that you are the rarest of gems and that in all his searchings he would not find anyone such as yourself. I also sent him your bio: Natasha Jowata.

It is my wish and dream that you end up with someone like Jason, Nat. Someone you are tremendously attracted to physically, mentally, emotionally and spiritually - as well as someone who can give you everything your heart desires and Chris needs - in this Universe - now!

You will have everything I have promised you in a number of Parallel Universes, Nat. As a matter of fact - you already do have all this! But that doesn't help you in this life - until we transcend - the date of which I don't know but which I hope will come very soon.

All my love,
