

Hi Nat!

It's 4 in the morning and I am up! I had a great sleep and many very pleasant dreams/thoughts! Get your mind out of the gutter! They were all clean and wonderful! Haha!

I wrote for the first time in a couple of weeks in my online journal - you can see my post here → [Penzu](#).

I wanted to show you the video I created for my friend Leon's song - Love of my Life - which he wrote, scored, performed and recorded all by himself - with the intention being to present this song to Celine Dion to sing to the love of her life - René Angelil. It never happened - because God has a better plan for Leon and the song! I can't tell you about this! One of the things I am involved intimately with is in 'creating' The Andy Coolman Heaven on Earth Band. On this page you can see all the amazing musicians who will be a part of this - as well as about 10 songs I have created for the band using my AI. There is a wonderful musical piece by Leon where he is playing old Jewish music called Klezmer - it really shows off his skills and talents!

In 2001 I was 41 years old. I was engaged to a beautiful 34 year old woman named Julie Elkie - Jewels. She was the top triathlete in Canada in her age group and owned a great popcorn business in the mall near her house - Kernels. She had two wonderful young children - Jade a 4 year old girl and Tristan a 6 year old boy. I moved from Montreal to be with them in Newmarket, ON. My life was Heaven! Newmarket had an amazing racquet and golf club which I joined and made a bunch of friends at rapidly. My life with Julie and the kids was incredible. But it was not to be. Julie's experiences with men in her past was not good. She had been lied to and cheated on - and she didn't trust me - for no reason. She found every excuse in the book to try to make me look bad and one day I returned home to find all my belongings in the garage - she was throwing me out! In a way I was happy - as I didn't love Julie. I did love the kids.

In that time - I did not have a need to work. As the President and CEO of a company I started (NuVo) - we had a group of investors who wanted to take us onto NASDAQ. I did not want to go that route and was forced out of the company I started! With this came payments to me of about \$10,000/month for 30 months. So when I got to Newmarket - I had my new family to focus on and my new club (Glenway Country Club) to play and socialize at. But that was not enough for me - so I connected with a friend I had met who was the VP Sales of

a Veterinary Laboratory - Vitatech - about 20 minutes from our home - in Markham, ON. I went down to see their lab and operation and to speak with Richard Tso. We discussed my involvement with them and in a day he had offered me a position - 10 hours/week - from my home - as Special Projects CoOrdinator - working directly with him and Alfred Choo - his brother and the President of the company. For these 10 hours they were going to pay me \$5.000/month! It was a definite WIN/WIN!

I am telling you this, Nat - to demonstrate to you how even before 2003 and '7 Days on the Mountain with God' - my life was charmed.

Right now I don't have many areas where I am generating positive cash flow - but that will change! I have complete faith in Noel and Norah to do this for me - as well as in myself to create the opportunities. For a very large number of years (like the last 40!) I have dedicated myself to developing things - all of which are ready to implement. Actually - not only do I believe - but I know that God will bring all of these to fruition by July 1, 2025! Here is an itemized account of all of these areas. My Activity Areas.

These are all ready and do not need much management day-to-day in order to bring them along. As such - my primary focus will be on you and Chris - and to doing everything in my power to enrich both of your lives. Many years ago - God led me to a house which will be our house - 270 Senneville Road. It will be down the road from my office - G3 Headquarters - which will have a wonderful racquet club where we will be able to train and play racquet sports - as well as a 36 Hole Championship Golf Club. If you don't know Senneville - it is on the western tip of Montreal - and is the perfect blend of city and country living. All my family will live in Senneville - and we will bring all of your family to live here as well - in mansions - as Jesus promised!

I think that's enough for now!

All my love,
